

Emmanuel Garden Club Starting

Emmanuel has a long history of Garden Enthusiasts!

The Ladies of Emmanuel had a Mother's Day Flower Sale annually as our major fund raiser for years. The last Plant Sale we had was in 2019. We plant lovers are taking a new direction in the form of a Garden Club! We are just at the very beginning and will need to choose a Club name, a time to meet and topics and activities that appeal the most Gardeners and would-be Gardeners. Exciting times!! See this tab on our Emmanuel website for details.

What is the purpose of this Garden Club?

To provide a way for gardening enthusiasts and the curious to collaborate, learn about plants and growing techniques, share resources, ideas, expertise, and get to know other Gardeners in the community. We would meet to learn, share and have fun in a comfortable, friendly, welcoming setting.

Do you need to know much about gardening or have been gardening?

NO. You do not. This is about learning, sharing enthusiasm, and above all appreciating what God has given us to fill up all our senses and inspire us to worship him for his amazing creation. Amen?

Why are we starting a Garden Club in October, you ask?

Spring is way too busy and we want to be ready for the season, so we can do that now!

Our first topic of interest will be "Winter Gardening and Wintering Over" to extend the growing season.

Our first official meeting will be Sunday, OCTOBER 28th, immediately after the second Service at NOON. Details on WHERE we meet will be forth coming. Prepare to come with your ideas! Bring your own lunch or snack if you need one. We will try to wrap up in an hour if everyone is on time.
